

## ***Curriculum Vitae***

**Saad Salman Hamim, Ph.D**

**Assist. Prof**

**Address: Pathological analysis department, Science College, Thi-Qar University, Iraq**

**Specification: Microbial immunology**

**Manager of Quality assurance and Accreditation division (2009-2011)**

**Head of Pathological Analysis Dep. (2011-2015)**

**Place and date of birth: Nassiyriah city, 1970**

**E-mail: [hamim\\_pa@sci.utq.edu.iq](mailto:hamim_pa@sci.utq.edu.iq)**

**[saadalsalman1122@gmail.com](mailto:saadalsalman1122@gmail.com)**

### **Education:**

<b>Year</b>	<b>Institution</b>	<b>Field</b>	<b>Degree</b>
2005-2009	Basrah University	Microbial immunology	Ph.D
2000-2002	Basrah University	Medical bacteriology	Ms.C
1996-2000	Basrah University	Biology	Bs.C

### **Publications:**

- 1- Hamim SS.** (2005). Antidiarrhoeal activity of *Hibiscus sabdariffa* (Malvaceae) against aerobic bacteria. J. Al-Qadisiya pure sci. 4(2): 28-32.
- 2- Hamim SS.** (2005). Isolation and identification of some aerobic bacteria that causing urinary tract infections in children in Nassyriah city. Thi-Qar Uni. J., 2(3): 53-57.
- 3- Hamim SS,** Olaawy AH, Hussain AO and Lafta LR. (2006). Evaluation study for the activity of some local plant extracts against some pathogenic bacteria. Thi-Qar Uni. J., 4(3): 38-46.
- 4- Aoda MA, Hamim SS** and Aboud MI. (2008). Comparism between phosphlipase activity in (*Candida albicans*) by use two substrates ( lecithin, L-a-phosphatidyl inositol). Ibn Al-Haithum J. Appl. Sci., 21(2): 63-70.

- 5- Issa AH, Hashim AR and **Hamim SS**. (2009). Isolation of *Escherichia coli* K1, K5, F4 and F5 in patients with ulcerative colitis and irritable bowel syndrome. Al-Kufa J. Bio. Scientific Conference of Biology.
- 6- Issa AH, Hashim AR and **Hamim SS**. (2009). Study of the prevalence of some cytokines and pANCA in severe ulcerative colitis patients. Al-Kufa Med. J. Scientific Conference of Medical sciences.
- 7- **Hamim SS**. (2011). The prevalence of *Bacteroides fragilis* and detect of anti-MPO IgG in ulcerative colitis patients in Nassyriah city. The Biology conference. Kufa university.
- 8- **Hamim SS**. (2011). A survey study for the prevalence of Hepatitis A, B and C in Thi-Qar province for 2006-2010. Edu. Coll. J., 6(1): 267-277.
- 9- Sadik TA, **Hamim SS** and Elewi AH. (2011). Contamination with aerobic bacteria in the brown noninfected flour and infected with different numerical levels of *Tribolium castaneum* (Herb.) (Coleoptera : Tenebrionidae). Thi-Qar Uni. J., 1(8): 10-18.
- 10- **Hamim SS**. (2011). Seroprevalence of Hepatitis B and C among blood donors in Iraq for 2008 and 2009. Edu. Coll. J., 2(2): 121-130
- 11- Issa AH, Hashim AR and **Hamim SS**. (2013). Kinetics of immune system in irritable bowel syndrome patients. IJBPAS. 2(2): 220-231.
- 12- **Hamim SS**, Saba KM and Kate IA. (2014). Lead levels in milk samples of lactating mothers from Al-Muthanna province in Iraq. Al-Muthanna J. Sci., 2(1): 59-64.
- 13- **Hamim SS** and Khudhur HR. (2014). Isolation and serotyping of *Pseudomonas aeruginosa* isolated from patients from Al-Husseini teaching hospital in Al-Muthanna province. Al-Muthanna J. Sci., 2(1): 181-186.
- 14- **Hamim SS**. (2014). Seroprevalence of syphilis among male blood donors by Enzyme linked immunosorbent assay in Thi-Qar province, Iraq during 2007-2011. Int. J. Med. Sci., 6(7): 161-164.
- 15- **Hamim SS** and Ibed AN. (2014). Molecular detection of methicillin resistant *Staphylococcus aureus* isolated from burns in Al-Nassiriyah city. Worl. J. Pharm. Sci., 2(9): 950-954.
- 16- Nebras AJ, **Hamim SS** and Al-Rubae R.J (2015). Serological and molecular detection of Rotavirus infection in children under five years old in Nassiryia province. International conference of Biology. Kufa university, Iraq.

- 17-** Jaber AS, **Hamim SS**, Ali ST and Abi IN. (2015). Gram-negative bacteria load and multiple antibiotic resistance pattern of pathogenic bacteria isolated from cockroaches at Haboubi hospital in the province of Dhi-Qar. *Wor. J. Pharm. Res.*, 4(11): 193-204.
- 18-** Degaim ZD, Shani WS and **Hamim SS**. (2015). Virulence factors of methicillin resistant *Staphylococcus aureus* (MRSA) isolated from burn patients. *Int. J. Curr. Microbiol. App. Sci.*, 4(7): 898-906.
- 19-** Abed KM and **Hamim SS**. (2015). Molecular detection of Staphylococci isolated from mastitis in sheep and cows in Thi-Qar Province. *IJRANSS.*, 3(12): 33-44.
- 20-** Jabber AS, Al-Badry BJ, Hussain AA, **Hamim SS Hamim SS**, Hussain MH and Qasim MT. (2015). Detection of bacterial pathogens causing urinary tract infections and study their susceptibility to antibiotics at Suk-Alshukh hospital in the province of Dhi-Qar. Accepted for publications.
- 21-** Degaim ZD, Shani WS and **Hamim SS**. (2015). Immunization models of rats treated with two antigens from MRSA bacteria isolated from burn patients. *Eur. J. Bio. Med. Sci. Res.*, 4(1): 26-36.
- 22-** Najem MH, Al-Salhi MH and **Hamim SS**. (2016). Study of dermatophytosis prevalence in Al-Nassyriah city, Iraq. *World J. Pharm. Sci.*, 4(4): 21-28.
- 23-** Najem MH, Al-Salhi MH and **Hamim SS**. (2016). Morphological and molecular detection of the common dermatophytes from dermatophytosis patients in Thi-Qar province. The first international conference of Southern Technical University.
- 24-** Dakhil BR and **Hamim SS**. (2016). Antibiotic susceptibility of *Streptococcus pyogenes* and *Staphylococcus aureus* isolated from pharyngitis and tonsillitis patients in Nasiriah city. *World J. Pharm. Sci.*, 4(4): 14-19.
- 25-** Al-Zirjawi WS and **Hamim SS**. (2016). Serotyping and molecular detection of some resistance genes of *Escherichia coli* isolated from urinary tract infected children in Nasiriah city. *J. Th. Qar Uni.*, 11(3): 11-30.
- 26-** Hamim SS. (2017). Molecular characterization of *mecA* gene in Methicillin-Resistant *Staphylococcus aureus*. Accepted for publication.
- 27-** **Hamim SS**. (2017). Amplification and gene sequencing of *hla* and *sea* genes in *Staphylococcus aureus* isolated from outpatients in Nassyriah city. Accepted for publication.
- 28-** **Hamim SS**, Hussein KR and Kamel YA. (2017). Molecular profile of *ScpA* and *SdaB* genes in *Streptococcus pyogenes* isolated from pharyngitis. Accepted for publication.

**:Postgraduate students**

**.Ms.C : 11 students**

**.Ph.D: 1 student**

**Training courses outside Iraq:**

<b>Title</b>	<b>Duration</b>	<b>Place of residence</b>	<b>Date</b>
<b>Sustainable sanitation</b>	<b>12 days</b>	<b>Osaka, Japan</b>	<b>6-17 December, 2004</b>
